Donation towards our Weskoppies Christmas Project

Good morning Letitia,

We want to thank you for the amount of R400.00 that we received.

In this festive season some people do not have the privilege to spend it with their loved-ones.

It's people like you that make it possible for us to bring some light into the darkness of the mentally disabled. We will surely send you photos of our Christmas outreach to share the joy that was spread over this festive season.

Once again we thank you for your support in our festive program, we are truly grateful for your involvement.

May the Lord bless you.
